

TRAFFIC LINE REMOVER

Remove traffic lines from asphalt or concrete — and get the job done fast!

EDCO's easy-to-use Traffic Line Remover can be pushed or pulled by one person and is the fastest way to erase road markings without excessive damage.

For straight forward or reverse operation, the traffic line remover offers a 7" grinding width. Move the unit side to side for a working width of up to 24" and **feathered-edge patterns that weather quickly and blend with the undisturbed road surface.**

Removal of:

- Paints
- Thermoplastic lines
- Epoxy
